Supernatural has always been something of a journey and each season has essentially marked a specific chapter in that excursion beginning with the simple hunt for Sam and Dean's father. As the series progressed the challenges became more difficult, the enemies stronger, the twists more dramatic, but all in all, the Winchester brothers were moving towards something whether it was defeating an enemy or saving the world.

There was always some end game in sight.

After twenty one episodes of season seven, Sam and Dean can finally do something about the all powerful Leviathan. Their goal for victory just came within reach.
